List of Figures.....	xi
List of Tables.....	xvi
Abstract.....	xxi
Résumé.....	xxii
1. Introduction and Context.....	1
1.1. Introduction.....	1
1.2. Why is the Bau a special place? What IS the Bau?.....	2
1.3. Geologic history of the region.....	3
1.4. Excavations at the Bau.....	7
1.5. From The Chest: Serge.....	11
1.6. The study of the lithic raw materials.....	11
1.7. The scientific team.....	14
1.8. Sommaire du chapitre.....	15
2. The first sedimentary deposits to layer K2.....	17
2.1. Introduction.....	17
2.2. The initial rock shelter.....	17
2.3. Layer K2.....	20
2.4. From the Chest: Is K2 real?.....	26
2.5. The test pit in G23/G24.....	26
2.6. From the Chest: Measuring distance “as the crow flies”.....	29
2.7. Sommaire du chapitre.....	29
3. Layers from J4-K1 to J.....	33
3.1. Introduction.....	33
3.2. The sediments, and evolution of the site from K2 to J.....	33
3.3. Pollen and faunal remains.....	35
3.4. Human remains.....	37
3.5. The lithic industry and raw materials.....	38
3.6. Sommaire du chapitre.....	43
4. Layer I.....	45
4.1. Introduction.....	45
4.2. The sediments, and evolution of the site in I.....	45
4.3. Pollen and faunal remains.....	46
4.4. Human remains.....	49
4.5. The lithic industry and raw materials.....	51
4.6. Sommaire du chapitre.....	55
5. Layer H.....	59
5.1. Introduction.....	59
5.2. The sediments, and evolution of the site in H.....	60
5.3. Pollen.....	67
5.4. From The Chest: How to “un-lump” an assemblage.....	68
5.5. Fauna.....	69
5.6. Lithics.....	74
5.7. Conclusion – or, Tying it all together.....	81
5.8. Sommaire du chapitre.....	84
Appendix 5.1. H1 tranche divisions by zone.....	85
6. Layers G and F.....	87
6.1. Introduction.....	87

6.2. From The Chest: Dealing with breccia	87
6.3. The sediments, and evolution of the site in G and F	89
6.4. Pollen and Fauna	91
6.5. Lithics.....	92
6.6. Conclusion.....	95
6.7. Sommaire du chapitre	97
7. The Tranchée Moulin.....	99
7.1. Introduction	99
7.2. From the Chest: T or t?	101
7.3. Sediments and the evolution of the site.....	101
7.4. Pollen and fauna	105
7.5. Human remains	105
7.6. From the Chest: Early archaeologists	106
7.7. Lithics.....	107
7.8. Conclusion.....	110
7.9. Sommaire du chapitre	112
8. Introduction to the tranchée L, and layer 5.....	115
8.1. Introduction	115
8.2. From the Chest: Roman or Arabic?.....	115
8.3. The story of the tranchée L.....	115
8.5. Sediments and the evolution of the site to layer 5	118
8.6. Pollen and fauna	121
8.7. Lithics.....	122
8.8. Conclusion.....	124
8.9. Sommaire du chapitre	126
9. La couche 4	129
9.1. Introduction	129
9.2. Sediments, evolution of the site, and excavation of the couche 4.....	129
9.3. Pollen and fauna	139
9.4. From The Chest: The Notched Bone	140
9.5. Human remains	140
9.6. Lithics.....	142
9.7. Conclusion.....	150
9.8. Sommaire du chapitre	152
10. Layer 3	155
10.1. Introduction	155
10.2. Sediments, evolution of the site, and excavation of layer 3.....	155
10.3. Pollen and fauna	156
10.4. Lithics.....	157
10.5. Conclusion.....	161
10.6. Sommaire du chapitre	162
11. Layer 2 and (a little bit) Layer 1.....	165
11.1. Introduction	165
11.2. Sediments, evolution of the site, and excavation of the couche 4.....	165
11.3. Pollen and fauna	167
11.4. Human remains	168
11.5. From The Chest: The Layer 2 Tooth	168
11.6. Lithics.....	169
11.7. Conclusion: Layer 2	174
11.8. Layer 1.....	175
11.9. Sommaire du chapitre.....	175
12. “Sounds of Laughter, Shades of Life”	177
12.1. Introduction	177
12.2. Tranchée L vs. Tranchée Moulin.....	177

12.3. What the Bau teaches us about the Middle Palaeolithic	178
12.4. Words are flowing out	185
12.5. Sommaire du chapitre	186
Bibliography	189
