List of figures .....	ix
List of maps .....	x
List of plates.....	xi
List of tables.....	xiii
Abstract.....	xiv
<b>1. Introduction.....</b>	<b>1</b>
<b>2. Background .....</b>	<b>3</b>
2.1. Bow and arrow mechanics .....	3
2.1.1. Energy storage.....	3
Draw weight .....	3
Draw length .....	3
Bow length.....	3
Profile .....	4
2.2.2. Energy transmission .....	4
Limb mass .....	4
Mass placement .....	4
String mass .....	4
Arrow mass.....	4
2.2. Terminology and classification of Arctic bows and arrows .....	5
2.3. Characteristics of Arctic archery technology .....	7
2.3.1. Raw materials.....	7
Driftwood .....	7
Antler.....	7
Whalebone.....	7
Horn and baleen.....	7
Hide .....	7
Sinew .....	7
Feathers.....	7
Metal.....	7
Stone.....	8
2.3.2. Joining techniques .....	8
Splint.....	8
Scarfs .....	8
2.3.3. The cable backing.....	8
2.3.4. Tools and manufacturing process .....	10
<b>3. Thule culture archery in Greenland.....</b>	<b>11</b>
3.1. The corpus: spatial distribution, find context, and preservation .....	11
3.2. Analysis .....	13
3.2.1. Raw materials (Map 3; Appendix A3 and 7).....	13
3.2.2. Design (Appendix A5 and 9).....	14
Bow cross sections .....	14
Bow silhouettes, limb taper and profiles .....	16
Arrow design .....	16
3.2.3. Technology (Appendix A6 and 10) .....	17
Treatment of the grain .....	17
Splices and joining techniques .....	17
3.3. Regional Variability .....	17
3.3.1. Polar Greenland (Pl. 4–9).....	17
3.3.2. Northwest Greenland (Pl. 10–17).....	18
3.3.3. Central West Greenland (Pl. 18–25).....	18

3.3.4. East Greenland (Pl. 26–29) .....	20
3.4. Miniature bows.....	22
3.5. Chronology.....	24
3.5.1. Earliest and latest Thule archery in Polar Greenland .....	24
3.5.2. Parallel traditions in West Greenland .....	25
3.5.3. Continuity in East Greenland .....	28
3.5.4. Arctic backing and screw tang – two Greenlandic innovations?.....	28
<b>4. The Greenland bow in context.....</b>	<b>67</b>
4.1. Bow design and use environment .....	67
4.2. Shooting technique.....	67
4.3. Bow hunting strategies.....	68
<b>5. Conclusion and perspectives .....</b>	<b>73</b>
<b>References.....</b>	<b>75</b>
<b>Appendix.....</b>	<b>81</b>
A1 – Studied bows of the Greenland Thule culture.....	82
A2 – Studied arrows of the Greenland Thule culture.....	86
A3 – Bow raw materials.....	89
A4 – Bow measurements (in cm).....	90
A5 – Bow design.....	92
A6 – Bow technology.....	93
A7 – Arrow raw materials.....	95
A8 – Arrow measurements (in cm) .....	97
A9 – Arrow design .....	99
A10 – Arrow technology.....	101
A11 – Single antler arrowheads from West Greenland (in cm) .....	103
