List of Figures.....	ix
List of Tables.....	xiv
Abstract.....	xv
1. Introduction.....	1
1.1 Prehistoric Copper Mining in Europe.....	1
1.2 Metal in Bronze Age Ireland.....	7
1.3 Prehistoric Copper Mining in South-west Ireland.....	9
1.4 Derrycarhoon Mine Project.....	15
2. Discovery.....	17
2.1 Recent Mining at Derrycarhoon.....	19
2.2 The ‘Danish Mine’ Revealed.....	19
2.3 ‘Curious Articles’.....	22
2.4 Later Visitors and Interpretations.....	25
3. The Mining Landscape.....	29
3.1 Geology and Mineralisation.....	30
3.2 Archaeological Survey (with Nick Hogan).....	41
3.3 Geophysical Survey (Richard Unitt).....	48
3.4 The ‘Danish Mine’ Preserved.....	52
4. Archaeological Excavation.....	55
4.1 Mine Excavation.....	56
4.2 Surface Spoil Excavation.....	62
4.3 Excavation Finds.....	66
4.4 Discussion.....	77
5. Chronology.....	81
5.1 Historical Review.....	81
5.2 Mining Technology.....	82
5.3 Peat and Pollen.....	85
5.4 Radiocarbon Dating.....	86
6. Palaeoecology.....	91
6.1 Pollen Sampling and Analysis.....	91
6.2 Early Holocene Vegetation Change and Human Activity.....	93
6.3 Mid-Holocene ‘Elm Decline’ and Neolithic Farming.....	96
6.4 Bronze Age Settlement and Environment in the Mizen Peninsula.....	98
7. Cultural Landscape.....	103
7.1 Environment and Settlement.....	103
7.2 The Early Prehistory of Mizen.....	106
7.3 Regional Context: Bronze Age Settlement in Cork.....	115
7.4 Derrycarhoon and the ‘Stone Circle Complex’.....	125
8. Mine to Metal.....	145
8.1 Bronze Age Mining at Derrycarhoon.....	145
8.2 Ore Beneficiation and Metal Production.....	152
8.3 Metal in the Landscape.....	155
8.4 Derrycarhoon and the Supply of Copper in Bronze Age Ireland.....	160
9. The Wider Picture.....	179
9.1 Derrycarhoon and Early Copper Production in Ireland.....	179

Derrycarhoon

9.2 Mining and Society	182
9.3 Bronze Age Trade and Hillfort Chiefdoms	188
9.4 The Significance of Derrycarhoon Mine and its Future.....	192
Appendix 1. The Swanton–Windele correspondence 1846–7	195
Appendix 2. Derrycarhoon in the Mining Journal, 1847–1880.....	197
References.....	201
