**The world's largest series of academic archaeology with over
3,500 books going live!**

————— Early adopter discount available now —————

With over 3,500 titles, BAR Publishing offers the largest series of academic archaeology titles in the world, covering all geographic regions and time periods.

Now, for the first time, this vast body of archaeological data becomes searchable in a wholly new way creating exciting possibilities and connections for your research faculty.

The collection encompasses all periods from prehistory, through classical archaeology, to 20th century archaeology around the globe. These are presented in data rich monographs, edited collections of paper, excavation and site reports and conference proceedings
